Basic Evaluations in Germany

Dear Breeder:

In the upcoming months, we are planning to travel to Germany for evaluations. Therefore, it is essential for all those breeders who are interested in having their horses evaluated to request this using the form "international application for service" with code 206. You must indicate the name and code of the horse to be evaluated.

The said "international application for service" must be e-mailed or faxed to the main LG-PRE-ANCCE office in Sevilla. Please note the address/fax:

E-mail: internacional@lgancce.com

Fax: + 34-954-953-989

Telephone: + 34-648-094-310

Likewise, it is extremely important that you provide contact information (e-mail address and phone number) as well as the exact location of your farm.

Remember that for your request to be valid, you must present the payment receipt. You can make the payment through our web site at www.lgancce.com, either by credit card or bank transfer.

As you already know, our computer application files all requests for the various services you request. Thus, we know your needs directly and organize the trip so that it is as economic as possible for everyone.

Also remember that this office can respond to your e-mails and consultations in Spanish, English and **German**. Please feel free to contact us if you have any doubts.
