

INSTRUCTIONS TO REQUEST A GENETIC COAT COLOR ANALYSIS (243)

Verify the availability of possible promotions for this service at www.lgancce.com

1. Access the PRE Stud Book web site at www.lgancce.com . Click on the tab **Documentation**; select and download the form **“International Request for Service.”**
2. Complete the form, indicating Request for Service **243**; make sure that you have filled out all of the boxes on the form.
3. Before indicating the fee, consult the table with the current fees for the service requested. Request the price list from your local Collaborating Association; should your country not have an association, consult the applicable fee for said service/s at www.lgancce.com , click on the tab **Documentation/Table with Fees for Stud Farms outside Spain.**
4. Indicate the name of the horse or horses for which you are requesting the genetic coat color analysis, as well as the code for each horse, in the corresponding box.
5. Once you have filled out the application form, sign it and then proceed to pay for the service through the LG PRE ANCCE Stud Book Collaborating Association in your country, (consult to [contact information](#) on our web site). If no Association is available, make your payment through our web site at www.lgancce.com .
6. Send your Request for Service, together with the payment receipt—duly filled out and signed—to the LG PRE ANCCE Stud Book Collaborating Association in your country. If no Association is available, send all of the documentation to the main LG PRE ANCCE Stud Book Office in Spain. In some cases, additional documentation may be required to complete this process; said documents may be considered essential to provide this service.
7. For more information regarding contact information about the Collaborating Association in your country, click on this link: <http://www.lgancce.com/lgpreancce/asp-info/AsociacionesColaboradoras.aspx> or contact the main PRE Stud Book office.

Upon receiving the necessary documentation, it will be reviewed, verified and validated, and your request will be processed and sent to the lab.

8. The final result will be a written report indicating the horse's genotype and phenotype, as well as information regarding its decadence. Upon receiving the lab results, the main LG PRE ANCCE Stud Book office will send the corresponding report to the Collaborating Association in your country. If there is no Association in your country, the report will be sent directly to the address that the breeder has indicated on the Initial Stud Farm Status form. Likewise, the result of the analysis will be published on the PRE Stud Book web site. In some cases, additional documentation may be required to complete this process; said documents may be considered essential to provide this service.

DOCUMENTATION REQUIRED FOR PROCESSING:

Request for Service ⁽¹⁾ Payment Receipt Passport ⁽²⁾

(1) Available at www.lgancce.com

(2) Should inconsistencies or discrepancies arise between the birth color and the lab results, the horse's passport must be sent back to the LG PRE ANCCE Stud Book office for modification.
