

INSTRUCTIONS TO REQUEST THE VERIFICATION OF IDENTITY (516)

Verify the availability of possible promotions for this service at www.lgancce.com

1. Access the PRE Stud Book web site at www.lgancce.com . Click on the tab **Documentation**; select and download the form **“International Request for Service.”**
2. Complete the form, indicating Request for Service **516**; make sure that you have filled out all of the boxes on the form.
3. Before indicating the fee, consult the table with the current fees for the service requested. Request the price list from your local Collaborating Association; should your country not have an association, consult the applicable fee for said service/s at www.lgancce.com , click on the tab **Documentation/Table with Fees for Stud Farms outside Spain.**
4. Indicate the name of the horse or horses for which you are requesting the Verification of Identity, as well as the code for each horse, in the corresponding box.
5. Once you have filled out the application form, sign it and then proceed to pay for the service through the LG PRE ANCCE Stud Book Collaborating Association in your country, (consult [contact information](#) on our web site). If no Association is available, make your payment through our web site at www.lgancce.com .
6. Send your Request for Service, together with the payment receipt—duly filled out and signed—to the LG PRE ANCCE Stud Book Collaborating Association in your country. If no Association is available, send all of the documentation to the main LG PRE ANCCE Stud Book Office in Spain. In some cases, additional documentation may be required to complete this process; said documents may be considered essential to provide this service.
7. For more information regarding contact information about the Collaborating Association in your country, click on this link: <http://www.lgancce.com/lgpreancce/asp-info/AsociacionesColaboradoras.aspx> or contact the main PRE Stud Book office.
8. Once all of the documentation for the analysis of your horse has been prepared—known as “Analysis Kit” (which includes the Analysis Document and a special card for the blood sample)—you (the breeder) will receive it at the postal address provided on his/her Request for Service form.
9. Once you (the breeder) have received the Analysis Kit, contact the Authorized Veterinarian in your country. He/She will go to your stud farm and verify the microchip and the graphic description. He/She will also take a blood sample, which you must then send to your Collaborating Association or the Main PRE ANCCE Stud Book office (in Spain), together with Analysis Document, once this latter has been filled out by the vet.

10. Upon receiving the verdict confirming the identity, the main LG PRE ANCCE Stud Book office will then proceed to inform you. This report will be sent to your Collaborating Association, or should there be none in your country, it will be sent to the breeder at the postal address provided on the Initial Stud Farm Status form. Should the verdict indicate incompatibility, you will receive the corresponding report.
